

SIERRA

by IMAN

The City Moves,

You Don't have to

Dubai is a city of ambition and acceleration.
But even here, there is room to soften.
Sierra offers a new way to live.

*Luxury without the rush, calm within reach,
wellness at the core.*

MOTOR CITY

Stillness in Motion

Motor City is where the city slows.
Wide boulevards, shaded parks, and walkable
paths make space for life's softer side.

With everything you need nearby, you move with
ease; never haste.

*And nestled within it all, Sierra rises; a sanctuary
designed for balance.*

SIERRA
by IMAN

The image is a grayscale aerial photograph of a large urban development in Dubai. A central white speech bubble contains the project name 'SIERRA by IMAN'. A small 3D architectural rendering of a tall skyscraper and a colorful residential complex is placed on the map, indicating the project's location. Several labels with leader lines point to specific landmarks: 'SHEIKH MOHAMMED BIN ZAYED ROAD' on the left, 'DUBAI AUTODROME' and 'FIRST AVENUE MALL' at the top right, 'DUBAI INDOOR KARTOME' on the right, 'HESSA STREET' below the project site, 'WAITROSE' and 'GREEN COMMUNITY' on the right side, and 'DUBAI SPORTS CITY' at the bottom left. The map shows a complex network of roads, including a large circular interchange, and various sports and recreational facilities.

to breathe, to
simply be.

*Because stillness
starts here.*
